# COVER SHEETS | GOWNS

## Pinkies Absorbent Bed Covers

- Pinkies have been constructed from non-woven PAA material with a high water absorbing resin and pink waterproof PE backing. Crystals have been sandwiched between the “quilted” fabric layers and will absorb liquids
- Disposable and environmentally friendly
- Single use, hygienic and saves on laundry bills

Product Code	Product Name	Size	Absorbency	Qty
CCSM-PABC-SMBX80	Pinkies Absorbent Bed Cover	Small (60cm x 60cm)	1.5L	Box of 80
CCSM-PABC-MDBX50	Pinkies Absorbent Bed Cover	Medium (90cm x 60cm)	2.0L	Box of 50
CCSM-PABC-LGBX24	Pinkies Absorbent Bed Cover	Large (180cm x 60cm)	4.0L	Box of 24

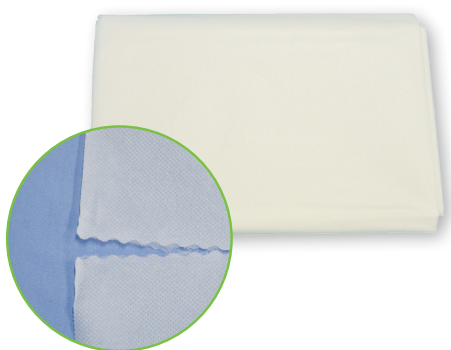

## Disposable Cover Sheets Super Absorbent

- Constructed from non-woven PAA material with high fluid absorbing SAP crystals sandwiched between the quilted fabric layers.
- Repellant PE backing
- Absorbs up to 12 litres of fluid
- Full bed coverage
- Emergency cover for stretchers and operating theatre tables
- Suitable for HoverMatt protection (reduces soiling)
- Suitable for use with bariatric patients

Product Code	Product Name	Size	Absorbency	Qty
MHCC-DCSA-BX40	Disposable Cover Sheets Super Absorbent	100cm x 225cm	12.0L	Box of 40

## HoverMatt Cover Sheet (Perforated)

- Unique zippered perforation allows sheet to be torn away without the need for rolling a patient
- Clean bed sheet can be positioned underneath the disposable, thereby reducing the risk of manual-handling injuries to staff from rolling
- Particularly useful for bariatric patients

Product Code	Product Name	Size	Qty
MHGD-DCSP-BG5	HoverMatt Cover Sheet	110cm x 225cm	Bag of 5
MHGD-DCSP-B	HoverMatt Cover Sheet	110cm x 225cm	Box of 100

## Bariatric Patient Gown

- Single layer polypropylene fabric
- Provides minimal fluid resistance
- Non-transparent dark blue
- Maintains patient dignity
- Easy closure
- Designed to fit patients up to 180kg
- Ctn 50

Product Code	Product Name	Qty
BAXH-BPG-CTN50	Bariatric Patient Gown (Disposable)	Carton of 50

# LATERAL TRANSFER DEVICES

## HoverMatt Lateral Transfer Single Patient Use

- Used for transferring or repositioning a patient in bed
- Designed for use in Emergency, ICU, Theatres, Wards
- Can be used with infectious patients then disposed of
- Can be used many times with the same patient
- Can be left under patients for long periods
- Reduces the effort to move a patient's weight by up to 90%
- Safe Working Load: 544kg

Product Code	Product Name	Width	Qty
MHHT-HMSPU-34BX	HoverMatt Lateral Transfer Single Patient Use	34"	Box of 10
MHHT-HMSPU-39BX	HoverMatt Lateral Transfer Single Patient Use	39"	Box of 10
MHHT-HMSPU-50BX	HoverMatt Lateral Transfer Single Patient Use	50"	Box of 5

## HoverMatt Lateral Transfer Single Patient Use - Mini

- Shorter version of the HoverMatt Transfer mattress
- Ideal for use during cystoscopy, labour and delivery and other gynecological or urological procedures
- Effective and unobtrusive
- Eliminates reprocessing (no laundering)
- Safe Working Load: 544kg

Product Code	Product Name	Width	Qty
MHHT-HMSPU-34MIBX	HoverMatt Lateral Transfer Single Patient Use MINI	34"	Box of 10
MHHT-HMSPU-39MIBX	HoverMatt Lateral Transfer Single Patient Use MINI	39"	Box of 10

## HoverMatt Lateral Transfer Single Patient Use - Split Leg

- Ideal for use during lithotomy or other split-leg procedures
- Can be used for lateral transfers when foot-end snaps on the mattress are fastened
- Reduces skin shear and bruising
- Eliminates reprocessing (no laundering)
- Award winner in the Surgical Product's **2015 Excellence in Surgical Products Awards** in the OR Equipment Category
- Safe Working Load: 544kg

Product Code	Product Name	Width	Qty
MHHT-HMSPU-SL-34BX	HoverMatt Lateral Transfer Single Patient Use - Split Leg -	34"	Box of 10

## Bariatric Lateral Transfer Board

- Designed to assist in the lateral transfer of patients from bed to trolley
- Lightweight - less than 3.5kg
- Bridges a gap of 15cm maximum
- Six ergonomically placed handholds
- Easily wiped clean using soap & water, disinfectants or alcohol based solutions (up to 75%)
- Can be used either flat or curved
- Not designed for lifting, therefore does not carry a minimum safe working load limit

Product Code	Product Name	Dimensions	Qty
BA1C-QLTS	Bariatric Lateral Transfer Board	150cm x 74cm	Each

# LATERAL TRANSFER DEVICES

## HoverMatt Lateral Transfer Double Coated

- Used for transferring or repositioning a patient in bed
- Designed for use in Emergency, ICU, Theatres, Wards
- Can be used with infectious patients then disposed of
- Can be used many times with the same patient
- Can be left under patients for long periods
- Reduces the effort to move a patient's weight by up to 90%
- Safe Working Load: 544kg

Product Code	Product Name	Width	Qty
MHHT-HMDC-28	HoverMatt Lateral Transfer Double Coated	28"	Each
MHHT-HMDC-34	HoverMatt Lateral Transfer Double Coated	34"	Each
MHHT-HMDC-39	HoverMatt Lateral Transfer Double Coated	39"	Each
MHHT-HMDC-50	HoverMatt Lateral Transfer Double Coated	50"	Each

## HoverMatt Lateral Transfer Double Coated - Mini

- Shorter version of the HoverMatt Transfer mattress
- Ideal for use during cystoscopy, labour and delivery and other gynecological or urological procedures
- Effective and unobtrusive
- Safe Working Load: 544kg

Product Code	Product Name	Width	Qty
MHHT-HMDC-34MI	HoverMatt Lateral Transfer Double Coated - Mini	34"	Each

## HoverMatt Lateral Transfer Double Coated - Split Leg

- Ideal for use during lithotomy or other split-leg procedures
- Can be used for lateral transfers when foot-end snaps on the mattress are fastened
- Reduces skin shear and bruising
- Safe Working Load: 544kg

Product Code	Product Name	Width	Qty
MHHT-HMSL-34	HoverMatt Lateral Transfer Double Coated - Split Leg	34"	Each

## HoverTech Wedge

- Inflates to lift and position the head and chest of a supine patient for convenient, effective patient positioning in any patient care department
- Dual chamber design allows the patient's head and chest to be adjusted separately, making it easier to achieve ear to sternal notch positioning regardless of the patient's body type
- Low profile when deflated allows products to be left underneath the patient in between uses
- Heat-sealed construction and a microbial-controlling nylon fabric facilitate easy cleaning and minimize infection control risk
- Safe Working Load: 363kg

Product Code	Product Name	Dimensions (Inflated)	Qty
MHHT-IW	HoverTech Wedge	76cm L x 58cm W x 28cm H	Each

## Easy2Move SPU Slide Sheets

- Designed for single patient use
- Can be wiped down with a neutral detergent
- Reduced spread of infection
- Significant cost savings
- Yellow, 2m x 1.4m

Product Code	Product Name	Colour	Size	Qty
MHJD-E2MS2-YWBX50	Easy2Move Single Patient Use Slide Sheet	Yellow	2m x 1.4m	Box of 50
MHJD-E2MS2-YWBX50IB	Easy2Move Single Patient Use Slide Sheet - Individually Bagged	Yellow	2m x 1.4m	Box of 50

## Premium Easy2Move SPU Slide Sheets

- Offers all benefits of the Easy2Move Single Patient Use Slide Sheets, with a superior level of slip
- Light Blue, 2m x 1.4m

Product Code	Product Name	Size	Qty
MHSH-SPU-LBBG5	Easy2Move Single Patient Use Slide Sheet	2m x 1.4m	Bag of 5
MHSH-SPU-LBBX20B	Easy2Move Single Patient Use Slide Sheet	2m x 1.4m	Box of 100
MHSH-SPUB-LBBX50	Easy2Move Single Patient Use Slide Sheet - Individually Bagged	2m x 1.4m	Box of 50

## Easy2Move Reusable Slide Sheets

- Guaranteed 150+ washes with no loss of slip (when washed to manufacturer's specifications)
- Can be tumble dried at 65°C
- Soft and quiet
- Available in Caribbean blue (1m x 1.5m or 2m x 1.4m) and burgundy (2m x 1.4m)

Product Code	Product Name	Colour	Size	Qty
MHSH-SS-1CAEA	Easy2Move Reusable Slide Sheet	Caribbean Blue	1m x 1.4m	Each
MHSH-SS-2BUEA	Easy2Move Reusable Slide Sheet	Burgundy	2m x 1.4m	Each
MHSH-SS-2CAEA	Easy2Move Reusable Slide Sheet	Caribbean Blue	2m x 1.4m	Each

# CARTS | POSITIONING DEVICES

## Universal HoverMatt Cart

- The Universal HoverMatt Cart is conveniently designed to carry your Air Supply and both reusable and single patient use HoverMatts
- 100% stainless steel construction featuring an ergonomic handle and 360° rotating castors

Product Code	Product Name	Qty
MHHT-UHMC	Universal HoverMatt Cart	Each

## Clax Cart

- Idea for transporting HoverMatts
- Works on all surfaces including carpet, lino and timber
- Once folded down, the Clax Cart is only 670mm long x 47mm wide x 110mm high and will fit easily into a car boot or placed away in a cupboard or under a desk
- Removable wheels

### Accessories:

- Wet Weather Insert
- Rod Support
- Full Weather Cover
- Hard Cover
- Wire Hanging Basket

## Olympic Vac-Pac

Vac-Pacs are soft pads which are available in various sizes & shapes filled with thousands of tiny plastic beads. The Vac-Pac is moulded around the patient then a suction line is attached. As a vacuum is created inside the Vac-Pac outside atmospheric pressure forces the beads together and the Vac-Pac becomes firm

Product Code	Product Name	Size	Qty
TSMM-OMVP-51611	Olympic Vac Pac	Size 11 (406mm x 305mm)	Each
TSMM-OMVP-51623	Olympic Vac Pac	Size 23 (457mm x 508mm)	Each
TSMM-OMVP-51630	Olympic Vac Pac	Size 30 (729mm x 902mm)	Each
TSMM-OMVP-51631	Olympic Vac Pac	Size 31 (983mm x 902mm)	Each
TSMM-OMVP-51632	Olympic Vac Pac	Size 32 (1186mm x 902mm)	Each
TSMM-OMVP-51635	Olympic Vac Pac	Size 35 (876mm x 711mm)	Each
TSMM-OMVP-51640	Olympic Vac Pac	Size 40 (762mm x 1931mm)	Each

## TrenGuard™

The most significant clinical benefit of TrenGuard™ is that, even after many thousands of procedures, there has never been a single report of a patient sliding and there has never been a report of post-operative patient discomfort or injury.

The design behind TrenGuard™ Trendelenburg Restraint System is time proven to be safe and capable of keeping patients weighing up to 235kg fixed in place on the operating table while in extreme head down Trendelenburg inclination as great as 40 degrees.

TrenGuard™ is the only system on the market with a rigid support frame that is fixed to the accessory table rails with table clamps. The frame cannot move and neither can the patient.

The surface of the frame is covered with industrial strength hook fastener. Attached to the frame are four adjustable patient support pads that anchor the patient to the table.

- Lateral stabilising pillows control body mass shift
- 'Speed Bump' bolster keeps patients of all sizes from sliding
- System easily accommodates patients up to 235kg.
- Innovations in patent positioning and MIS and Robotic Surgery

*“TrenGuard™ is the ONLY safe restraint for extreme Trendelenburg without a single report of a patient sliding. There has never been a report of post-operative discomfort or patient injury”*

- Dan Allen

**TrenGuard™ works in conjunction with the HoverMatt Split-Leg Matt, for easy patient transfer.**

## ArmGuard™ Patient Arm Restraint

- Adjusts to all arm lengths.
- Fastest and easiest set-up and positioning.
- Frame is comfortable for the bedside assistant.
- Reduces the potential for OR acquired pressure and nerve injury.
- Low profile does not interfere with ports or clash with robotic arms.
- Exclusive Quick Release fastener provides anesthesia with easy and immediate access to IV Sites.

The extended bariatric version adds 4" of width and keeps the patients arms at the same level as the table pad. Safely secures the proportional arm weight of patients up to 750 lbs.

## PatientGuard Stirrups™ Robot Stirrups™

The only stirrups designed specifically for robotic surgery  
New functions include:

- Ergonomic addition adjustment from the handle.
- Stirrup adjusts to lower position for ease of docking.
- Boots are available with or without fin.
- Shorter support rods for easier control and draping.
- Anti-microbial boot liners.

SHA140218

# TROOP ELEVATION PILLOW

## Troop Elevation Pillow

The Troop Elevation Pillow is an Airway Management System for obese and large framed patients. The troop Pillow quickly achieves H.E.L.P. (Head Elevated Laryngoscopy Position). This position is recommended for airway management of obese patients and is ideal for intra-op and post-op care.

- Airway Management System for Obese Patients
- Quickly achieves H.E.L.P. (Head Elevated Laryngoscopy Position)
- Much improved 'starting position' for airway management
- Troop Arm supports are used in conjunction with or Arm Boards to support the arms and prevent neural damage.

Product Code	Product Name	Size	Qty
TSMM-MHP-TRP5005	Troop Elevation Pillow (2 piece set)		Each
TSMM-MHP-TRP7007	Troop Elevation Pillow (3 piece set)		Each
TSMM-MHP-TRP3003	Troop Disposable Barrier Covers		Each
TSMM-MHP-TRPARM	Troop Arm Supports		1 pair

TSMM-MHP-TRP5005  
**2 piece set. Includes Troop Base & Head Cradle.**

TSMM-MHPTRP7007  
**3 piece set. Troop base, Head cradle & Troop addition.**

TSMM-MHP-TRP3003  
**Strongly recommended to keep the vinyl material clean and free of patient fluid. These are disposable and will save on turn around time.**

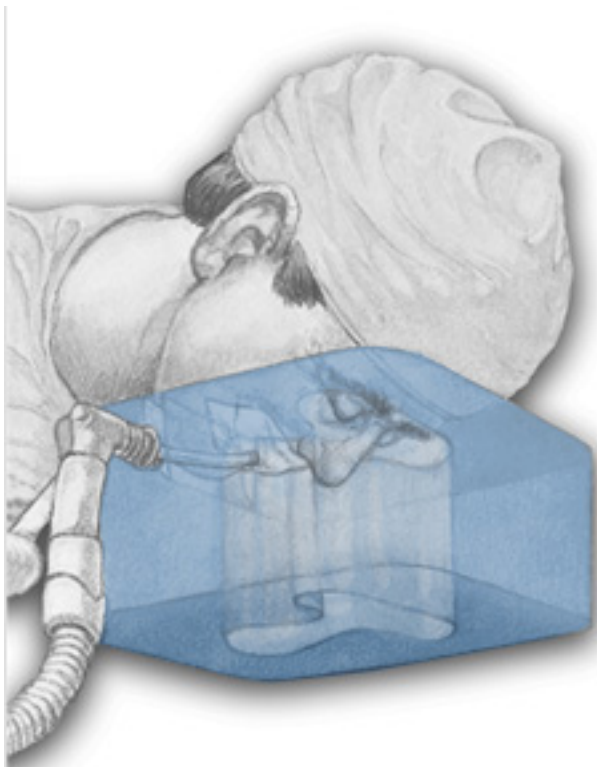

TSMM-MHP-TRPARM  
**1 pair. For the support of arms and prevent neural damage when used in conjunction with Troop Elevation Pillow.**

# PRONE POSITIONER

## Prone Positioner

The Prone Positioner™ and the Prone XL™ provide soft, even support during prone procedures. These devices provide even weight distribution while molding around the facial structure to protect the eyes, nose and mouth. The slotted side port enables easy access to the endotracheal tube and its open design allows access to confirm patient's comfort.

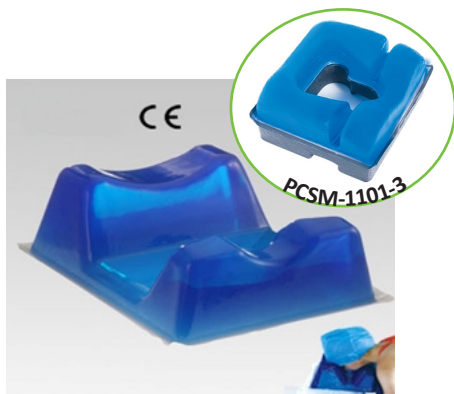

- Single Use
- Available in Standard Adult and Extra Large
- Carton or single unit buy
- Latex Free

P-3901  
21.6cm x 20.3cm x 10cm

# GEL POSITIONERS

## Bowl Shaped Head Pad

- Protects the head, neck and ears during supine surgery – suitable for use in many procedures.

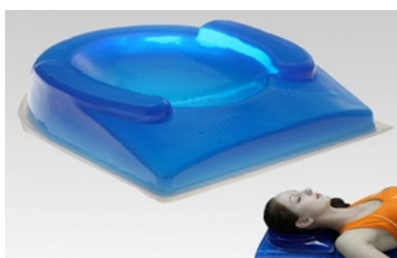

Product Code	Product Name	Size	Qty
PCSM-1107-1	Bowl Shaped Head Pad	8cm x 2/20cm x 5cm	Each
PCSM-1107-2	Bowl Shaped Head Pad (Paediatric)	6cm x 1.5/14cm x 3cm	Each
PCSM-1107-3	Bowl Shaped Head Pad	8.5cm x 3/20cm x 5cm	Each

## Bowl Shaped Horseshoe Head Pad

- Designed for use in prone or lateral positioning surgery to make the patients feel more comfortable and stable.
- Can also be used for general anaesthesia intubation in the surgery.

Product Code	Product Name	Size	Qty
PCSM-1108-1	Bowl Shaped Horseshoe Head Pad	20cm x 5.5cm	Each
PCSM-1108-2	Bowl Shaped Horseshoe Head Pad (Paediatric)	14cm x 3.5cm	Each

PCSM-1105-1 & PCSM-1105-2

PCSM-1105-3

## Ophthalmic Head Pad

- Designed to support and protect the head in ophthalmic, maxillofacial and other supine procedures. Is shaped to that of the patients head and will also provide comfort and stability for patients undergoing local anaesthetic procedures.

Product Code	Product Name	Size	Qty
PCSM-1105-1	Ophthalmic Head Pad	23cm x 23cm x 4cm	Each
PCSM-1105-2	Ophthalmic Head Pad (Paediatric)	22cm x 19cm x 6cm	Each
PCSM-1105-3	Ophthalmic Head Pad	24cm x 22cm x 7cm	Each

## Universal Flat Head Pad

- Provides comfort and stability during supine or lateral surgery.
- Can be used in combination with a table accessory.
- Suitable for use in positioning of patients to provide support and protection of knees, hips and lumbar areas.

Product Code	Product Name	Size	Qty
PCSM-1106-1	Universal Flat Head Pad	25cm x 23cm x 6cm	Each
PCSM-1106-2	Universal Flat Head Pad	25cm x 18cm x 3cm	Each
PCSM-1106-3	Universal Flat Head Pad	45cm x 15cm x 10cm	Each

## Universal Supine Head Pad

- Designed to protect and support the head and neck during supine surgery.
- Can also be used for the protection of shoulder, hip and knee in lateral surgery.

Product Code	Product Name	Size	Qty
PCSM-1104	Universal Supine Head Pad	18cm x 18cm x 8cm (4cm)	Each

## Donut Head Ring with Cissoid Edge

- Designed for use in supine positioning surgery (neurosurgery and ENT surgery).
- Gives comfort and stability without hyper-extending the head.

Product Code	Product Name	Size	Qty
PCSM-1109-1	Donut Head Ring with Cissoid Edge	20cm x 7cm x 4cm (-1.5cm)	Each
PCSM-1109-2	Donut Head Ring with Cissoid Edge	20cm x 9cm x 5cm (-1.5cm)	Each

## Thyroid Gland Positioning Pad

- Designed to protect and support the neck during thyroid and neck surgery.
- The pads help to fully extend the neck whilst providing stability during the surgery.
- It is suggested that PCSM-1110-1 be used together with PCSM-1110-2.

Product Code	Product Name	Size	Qty
PCSM-1110-1	Thyroid Gland Positioning Pad	40cm x 30cm x 5cm	Each
PCSM-1110-2	Thyroid Gland Positioning Pad	6cm x 3/14cm x 4.5cm	Each
PCSM-1110-3	Thyroid Gland Positioning Pad	48cm x 39cm x 9cm	Each

PCSM-1110-1 & PCSM-1110-2

PCSM-1110-3

## Neo-Teneo

- A range of gel-filled pillows, cushions and mattresses of various sizes that can be used for the proper positioning, physiological stability and comfort of the patient
- Alleviates pressure caused by prolonged immobility or other conditions when frequent repositioning is contraindicated
- Removable manometer on the mattress
- Non-toxic gel in a strong TPU covered bag, difficult to puncture
- Reusable and easy to clean

Product Code	Product Name	Size	Qty
NNSM-NT-8BX15	Neo-Teneo	Rectangular - 13cm x 19cm x 1cm	Box of 15
NNSM-NT-1BX15	Neo-Teneo	Rectangular - 13cm x 19cm x 2cm	Box of 15
NNSM-NT-7BX15	Neo-Teneo	Round - 15cm radius x 1cm	Box of 15
NNSM-NT-4BX8	Neo-Teneo	Round - 23cm radius x 2cm	Box of 8
NNSM-NT-6BX2	Neo-Teneo	Mattress - 30cm x 57cm x 4cm	Box of 2

## Lateral Pad

- Designed for use in surgery requiring patient in the lateral position such as hip replacements, shoulder surgery, kidney surgery etc.
- Built in headrest and auxiliary support helps to achieve and maintain correct spinal alignment whilst giving optimal surgical access.
- Provides protection for shoulder and upper limbs, alleviating the pressure on the nerve tissues.

Product Code	Product Name	Size	Qty
PCSM-3101-1	Lateral Pad	72cm x 46cm x 15cm	Each
PCSM-3101-2	Lateral Pad	70cm x 50cm x 16cm	Each

## Prostrate Pad

- Designed to provide effective and safe positioning to the patient during surgical procedures in the supine position.
- For the best protection, it is recommended that it be used in conjunction with the Prostrate Head Pad (PCSM-1101).

Product Code	Product Name	Size	Qty
PCSM-3102-1	Prostrate Pad (Sponge Base)	63cm x 46cm x 13cm	Each
PCSM-3102-3	Prostrate Pad (Foam Base)	60cm x 49cm x 18cm	Each

## Perineal Post Pad

- Reduces pressure on the patients groin area when on a fracture table.

Product Code	Product Name	Size	Qty
PCSM-3105	Perineal Post Pad	72cm x 20cm x 1.5cm	Each

## Chest and Hipbone Pad

- Designed to protect the chest and hips, facilitating respiratory and circulatory functioning and alleviating pressure to these areas during supine surgery.
- Can also be used to support the shoulder in supine surgery and to relax the whole chest in cardiac surgery.

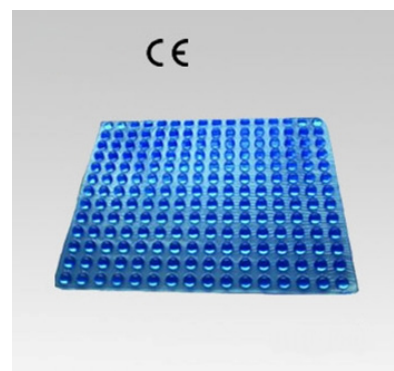

Product Code	Product Name	Size	Qty
PCSM-3103-1	Chest and Hipbone Pad (Foam Inside)	50cm x 20cm x 7cm	Each
PCSM-3103-2	Chest and Hipbone Pad (Paediatric)	7cm x 4cm x 4cm	Each

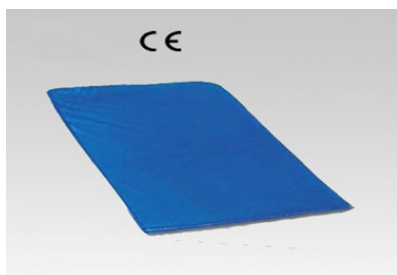

## Fracture Table Pad

- Raised profiles increase the overall surface area of the pad, allowing for greater weight distribution, which is effective during extended surgery.
- Specifically designed for fracture table tops.

Product Code	Product Name	Size	Qty
PCSM-3104-1	Fracture Table Pad	50cm x 40cm x 1.8cm	Each
PCSM-3104-3	Fracture Table Pad	40cm x 41cm x 1.8cm	Each
PCSM-3104-4	Fracture Table Pad	43cm x 41cm x 1.8cm	Each
PCSM-3104-5	Fracture Table Pad	46cm x 41cm x 1.8cm	Each
PCSM-3104-6	Fracture Table Pad	46cm x 41cm x 2.8cm	Each
PCSM-3104-7	Fracture Table Pad	50cm x 41cm x 2.8cm	Each

# GEL POSITIONERS

## Universal Dome Shaped Pad

- Can be used to position and protect the patient during various surgical procedures in all positions.
- Can be used in many different applications.

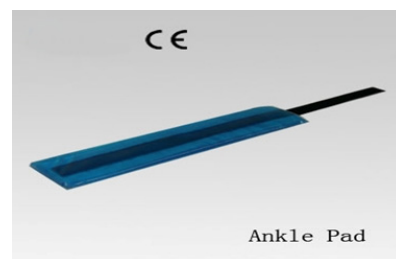

Product Code	Product Name	Size	Qty
PCSM-4101-1	Universal Dome Shaped Pad	30cm x 15cm x 7cm	Each
PCSM-4101-2	Universal Dome Shaped Pad	30cm x 10cm x 4cm	Each
PCSM-4101-3	Universal Dome Shaped Pad	50cm x 15cm x 7cm	Each
PCSM-4101-4	Universal Dome Shaped Pad	50cm x 10cm x 4cm	Each
PCSM-4101-5	Universal Dome Shaped Pad	30cm x 10cm x 7cm	Each
PCSM-4101-6	Universal Dome Shaped Pad	50cm x 10cm x 7cm	Each
PCSM-4101-7	Universal Dome Shaped Pad (Foam Inside)	30cm x 15cm x 7cm	Each
PCSM-4101-8	Universal Dome Shaped Pad (Foam Inside)	50cm x 15cm x 7cm	Each
PCSM-4101-9	Universal Dome Shaped Pad	20cm x 15cm x 7cm	Each
PCSM-4101-10	Universal Dome Shaped Pad (Paediatric)	20cm x 10cm x 7cm	Each
PCSM-4101-11	Universal Dome Shaped Pad	40cm x 15cm x 7cm	Each
PCSM-4101-12	Universal Dome Shaped Pad	50cm x 15cm x 10cm	Each

## Ankle Protector

- Designed to protect bony prominence of ankle during surgery.

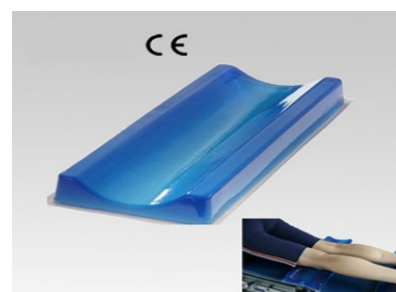

Product Code	Product Name	Size	Qty
PCSM-4105	Ankle Protector	45cm x 7cm x 1cm	Each

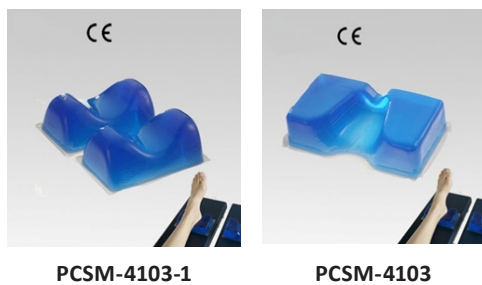

## Lateral Arm/Leg Pad (Knee Pad)

- Give support, protection and stability to the knees

Product Code	Product Name	Size	Qty
PCSM-4102-1	Lateral Arm/Leg Pad (Knee Pad)	50cm x 15cm x 4cm	Each
PCSM-4102-2	Lateral Arm/Leg Pad (Knee Pad)	40cm x 15cm x 4cm	Each
PCSM-4102-3	Lateral Arm/Leg Pad (Knee Pad)	60cm x 15cm x 4cm	Each

# GEL POSITIONERS

## Heel Pad

- Provides support and protection for the heels during the longest procedures.
- Gives support to the Achilles and effectively remove pressure from heels.

Product Code	Product Name	Size	Qty
PCSM-4103	Heel Pad	15cm x 8cm x 4.5cm	Each
PCSM-4103-1	Heel Pad	18cm x 10cm x 7cm	Each

## Universal Square Table Pad

- Can be used to protect the body in all surgical positions.

Product Code	Product Name	Size	Qty
PCSM-4104-1	Universal Square Table Pad	30cm x 20cm x 1.5cm	Each
PCSM-4104-2	Universal Square Table Pad	40cm x 24cm x 1.5cm	Each
PCSM-4104-3	Universal Square Table Pad	50cm x 30cm x 1.5cm	Each

## Full Table Pad

- Designed to provide effective and safe positioning to the patient during surgical procedures in the supine position.
- For the best protection, it is recommended that it be used in conjunction with a Prostrate Head Pad.

Product Code	Product Name	Size	Qty
PCSM-5101	Full Table Pad Set (See below)	See below	Each
PCSM-5101-1	Full Table Pad – Head	50cm x 23cm x 1.5cm	Each
PCSM-5101-2	Full Table Pad – Torso	100cm x 50cm x 1.5cm	Each
PCSM-5101-3	Full Table Pad – Foot	50cm x 50cm x 1.5cm	Each

## Full Table Pad with Cutout

- Reduces pressure on the patients groin area when on a fracture table.

Product Code	Product Name	Size	Qty
PCSM-5101-6	Full Table Pad With Cutouts – Torso	100cm x 50cm x 1.5cm	Each
PCSM-5101-7	Full Table Pad With Cutouts – Foot	50cm x 50cm x 1.5cm	Each

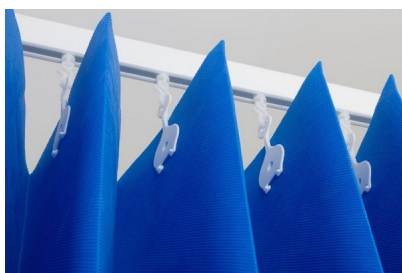

# DISPOSABLE CURTAINS

## EcoMed Disposable Curtains

- Antimicrobial
- Flame Retardant
- Cost Effective
- Quick to Change
- 100% Recyclable
- Extra Wide Stitched Tieback
- Comes with 2 Identification Labels

# LIFTERS | BED MOVERS

## Pronomic Ultimate 115E CSSD Lifter

The Pronomic Ultimate 115E is a mobile lifter specifically designed to accommodate the needs of a CSSD department. It offers the ability to electrically lift industry standard loan kits and crates from the floor and transfer them to the unpacking bench, eliminating associated manual handling risks in the hospital environment.

- Flexibility to accommodate all types of loan set delivery boxes
- Manoeuvrable in confined spaces
- Loads from the floor
- Multipurpose lifting platform
- 90kg Lifting Capacity

### Accessories:

- Dolly
- Nally Crate Attachment

## StaminaLift TS5000 Bed Mover

The result of extensive research, development and field testing, our StaminaLift TS5000 Transfer System is unlike any other hospital bed mover. The TS5000 is easy to operate, and you will appreciate it for its universal compatibility – the ability to connect to a wide range of beds, stretchers and equipment.

With the TS5000 Transfer System you can move:

- A wide range of acute care hospital bed and stretchers including Hill-Rom, ArjoHuntleigh, Stryker, Linet, Howard Wright, Prius, Volker and more
- Some patient care chairs, anaesthetic machines, linen carts, trolleys, rubbish skips and more

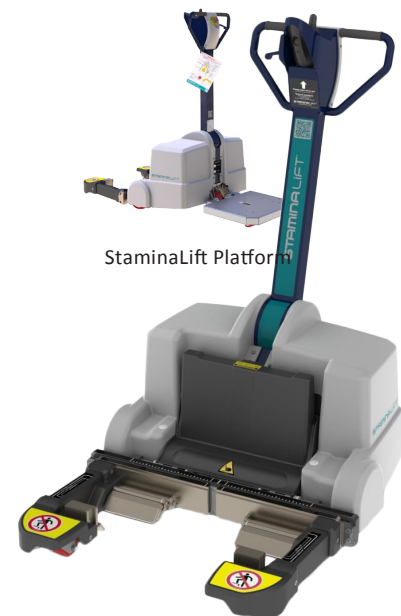

### Features:

- Universal Jaw Assembly: Designed for global acute care bed compatibility. Accommodates many stretchers and specialty beds
- Adjustable Jaws: Wheel base width: 550 - 840mm Castor sizes: 125mm - 200mm (single & double)
- Adjustable Handle: Comfort regardless of operator height
- Sealed Gel Batteries: 15 hours normal use before recharge
- Variable Speed: Flexibility for operator control
- Battery Charger: 120 or 240V for the global market

### NEW Accessories:

Red Z Shaker Top Bottle  
142g

Red Z Zafaty Pac 2g

## Red Z Spill Control Solidifier

- Red Z is a fast and effective way to solidify and deodorise potentially infectious blood and body fluids
- Eliminates splashing by solidifying and turning spills into semi-solid (gel) mass
- 20ml solidifies over one litre of water-based fluid
- Deodorizes spills, controls odor
- Cost effective cleanup solution
- Red Z Zafaty Pac is a pre-measured unit dose pack made of a porous, non-woven material (similar to a teabag) that allows liquid and the solidifier to mix, with no pouring necessary
